

CAYUGA COUNTY

Pre-Application for New York State's Farmland Protection Implementation Grants Program

Addendum

2017

*To be completed by Cayuga County Department of Planning & Economic
Development Staff upon receipt of Pre-Application from landowner.*

1. Project priority for protection.

Table a. – Individual Parcel Ranking		
TAX ID Number	Parcel Acres	Priority Ranking*

Table b. – Summary Ranking		
	Total Acres	% of Total Project Acres
5 (Highest)		
4		
3		
2		
1 (Lowest)		
Overall Priority Rank**		

*Using a scale of 1-5 where 5 is the highest priority level for protection based on the Farmland Protection Suitability Index parcel map developed in either the Cayuga County Agriculture & Farmland Protection Plan or an applicable Town Agriculture & Farmland Protection Plan. If the proposed project is located in a Town that has adopted an Agriculture & Farmland Protection Plan that includes a Farmland Protection Suitability Index parcel map, then the Town map will take precedence over the County Map.

**The overall priority rank, on a scale of 1-5, will be determined by the priority level of the highest percentage of the entire project (i.e. if 80% of the total acreage proposed to be protected in this application falls into a category 4 ranking, then the overall score for the proposal will be a 4).

2. Are all of the parcels in the project proposal located within the county’s agricultural district?

Yes No If not, list the parcel tax ID numbers for those that are not.

3. Soil Productivity

Parcel Tax ID #	Total Acres	Acres of Prime Soils	Acres of Soils of Statewide Significance	Percent of Total Parcel Acres PRIME	Percent of Total Parcel Acres STATE
TOTAL
