ATTENDANCE LIST:
Stephen Lynch, Executive Director, Cayuga County Development Corporation, Suzanne Gauthier, Acting Secretary, Cayuga County Development Corporation; Mr. Patrick Facteau, CFO of Auburn Community Hospital; Mr. Paul Reichel, Esq., Auburn Community Hospital Bond Counsel; Mr. Ted O’Hara, Board Member, Cayuga County Development Corporation.

CALL TO ORDER: (Time: 4:00 p.m.). Mr. Stephen F. Lynch, Executive Director of the Cayuga County Development Corporation (“CCDC”) opened the hearing and read the following into the hearing record:

PURPOSE:

Pursuant to Section 147(f) of the Internal Revenue Code of 1986, as amended (the “Code”) before the Cayuga County Development Corporation (the “Issuer”) on the 12th day of August, 2013, at 4:00 p.m. at the County Office Building Planning Department Conference Room, 5th Floor, 160 Genesee Street, Auburn, New York 13021, in connection with the following matter:

AUBURN COMMUNITY HOSPITAL (the “Institution”), a New York not-for-profit corporation and an organization described in 501(c)(3) of the Code, has submitted an application (the “Application”) to the Issuer, a copy of which Application is on file at the office of the Issuer, which Application requested that the Issuer consider the issuance of one or more series of its Tax-Exempt and/or Taxable Revenue Bonds (Auburn Community Hospital Project) in the principal amount not to exceed $13,000,000 (or such other amount as advised by the Institution) (the “Bonds”) for the purposes of undertaking a certain project (the “Project”) consisting of the following:

1) The refinancing of the outstanding principal amount of the Cayuga County Hospital Improvement Corporation’s (the “Corporation”) $27,500,000 original principal amount Certificates of Participation, Series 1994 (the “Series 1994 Certificates”), the proceeds of which were used to finance a certain project (the “Original Project”) consisting of the undertaking of certain improvements at the Institution’s facilities located at 17 Lansing Street, Auburn, New York (the “Institution Facilities”), including, but not limited to:

   (i) Site work improvements;

   (ii) The expansion and renovation of the then existing hospital facilities aggregating approximately 29,500 square-feet of space:
(iii) The construction and equipping of new hospital facilities aggregating approximately 57,300 square feet of space

(iv) The refinancing of a parking structure and laboratory acquisition; and

(v) The demolition of the former nursing school;

(2) The paying of all or a portion of the costs incidental to the issuance of the Bonds, including issuance costs of the Bonds, capitalized interest, if any, and any reserve funds as may be necessary to secure the Bonds; and

(3) The granting of certain other financial assistance with respect to the foregoing, including exemption(s) from mortgage recording taxes (collectively with the issuance of the Bonds, the “Financial Assistance”).

In connection with the issuance of the Series 1994 Certificates, the Corporation and the County of Cayuga, New York (the “County”) entered into a certain Lease Purchase Sublease Agreement, dated as of February 1, 1994, as amended by First Amendment to Lease Purchase Sublease Agreement, dated as of November 1, 2008 (as so amended, the “Original Sublease Agreement”), pursuant to which the Corporation subleased the Institution Facilities to the County, with the rental payments made by the County thereunder in an amount sufficient to pay the principal of and interest on the Series 1994 Certificates. In addition, the County and the Institution entered into a certain License and Operating Agreement, dated as of February 1, 1994 (the “Original Operating Agreement”), pursuant to which the Institution is required to operate and maintain the Institution Facilities on behalf of and for the benefit of the County. In connection with the issuance of the Bonds, the Original Sublease Agreement and the Original Operating Agreement will each be amended so as to, among other things, enable the assignment of such agreements (as amended) from the trustee of the Series 1994 Certificates to the purchaser of the Bonds as security for the Bonds.

Mr. Lynch continued, stating:

This public hearing on the proposed issuance of the Bonds is being held as required by Section 147(f) of the Code. The subject of this hearing is to provide the foregoing description of the nature and location of the Project and the issuance of Bonds by the Issuer.

Interested persons attending this Public Hearing are invited to make a statement and/or provide written comments regarding the Project or the Financial Assistance.

As previously stated, a copy of the Institution’s application is available at the office of the Issuer, c/o Cayuga County Department of Planning & Economic Development 5th Floor, located at Cayuga County Office Building, 160 Genesee Street, Auburn, New York 13021 for review by interested persons.

Under the Code, approval of the issuance of the Bonds by the Issuer and the County is necessary under Section 147(f) of the Code in order for the interest on the Bonds to be excluded from the gross income for federal income tax purposes.
THE BONDS SHALL NOT BE A DEBT OF THE STATE OF NEW YORK OR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING CAYUGA COUNTY, AND NEITHER THE STATE OF NEW YORK NOR ANY POLITICAL SUBDIVISION THEREOF, INCLUDING CAYUGA COUNTY, SHALL BE LIABLE THEREON.

I would like to note that the Issuer, the Cayuga County Development Corporation, published a Notice of this Public Hearing in The Citizen on JULY 26, 2013. An Affidavit of Publication of The Citizen and Proof of Mailing will be attached to this Public Hearing minutes.

DISCUSSION:

Mr. Lynch described the financial benefits of the Auburn Community Hospital (“ACH”) Refinancing Project for the ACH, highlighting the following considerations:

1. Interest rates have decreased significantly since the original ACH debt (the 1994 Certificates of Participation, or “COPs” were issued in March of 1994.
2. The Municipal Market has experienced an increase in interest rates over the past few months, but interest rates remain at low levels compared to historical averages;
   a. The existing COPs interest rate is 6%; and
   b. The anticipated interest rate on the new bonds is 2.95%
3. As the interest rates have fallen, the ACH has the ability to:
   a. Reduce its borrowing costs;
   b. Lower its debt service; and
   c. Lower Cayuga County’s financial exposure under the current lease structure with ACH and the 1994 COPs

PUBLIC COMMENT:
Mr. Lynch asked if there were any individuals attending the Public Hearing who desire to comment on the proposed ACH Refinance Project or submit any comments in writing:

- There was a general discussion of the project by those attending, including representatives from the Auburn Community Hospital and CCDC Board, and details of the proposed refinancing were highlighted. Those in attendance commented that the refinancing of the 1994 hospital debt (COPs) would allow the hospital to reduce its debt, decrease the term of the 1994 debt and therefore reduce the risk and exposure of Cayuga County and County taxpayers under the current debt structure.

- Mr. Lynch asked if there were any other individuals from the public wishing to be heard. There being no individuals from the public in attendance, Mr. Lynch announced the adjournment of the Public Hearing at 4:30 p.m.
