Saturday, February 27, 2021 – eight new cases admitted

Sunday, February 28, 2021 – ten new cases admitted

Active Cases in Mandatory Isolation

131 Mandatory Isolation

Confirmed Cases – total since March 18, 2020

There have been 5,283 cases of COVID-19 in Cayuga County.

Hospitalizations

There are 3 COVID-19 related hospitalizations at Auburn Community Hospital.

Deaths

There have been 87 total Cayuga County deaths related to COVID-19.

Additional Information

Hotel workers, food service establishment providers, including food pantries, and permitted home delivered meal program workers are now eligible to receive the COVID19 vaccination. An email will come from KVasile@cayugacounty.us with information that will be needed to register employees of local hotels and permitted food service establishments for the vaccine.

Individuals age 65 and older are now eligible to be vaccinated through local health departments without restriction and do not need a qualifying health condition to be eligible. We encourage anyone who falls in to this category to work with your City, Town or Village to get on a list.

Individuals age 18-64 are required to provide a physician's note indicating they are eligible for the vaccine due to a qualifying health condition, unless a person falls under one of the already eligible categories.

As a reminder, individuals under categories 1a and 1b are still eligible for the vaccine.

Provided as an attachment to this press release are maps which display confirmed COVID-19 cases in the City of Auburn and confirmed cases throughout Cayuga County between March 18, 2020 and February 15, 2021.
