COVID19 positive cases continue to remain steady; however, there has been a few days delay in outreach to newly positive people due to a temporary downtime of the state tracking system on Saturday.

If you test positive for COVID19, please remain at home until you hear from a contact tracer to complete your investigation. You will receive either a call from the Cayuga County Department or someone from the virtual call center out of Albany with a 518 area code. If you do not answer your phone, you will receive a visit from a Cayuga County staff member to deliver your isolation or quarantine orders.
