For Immediate Release: Tuesday, November 15, 2022

Cayuga County COVID-19 Test Kit Distribution

During the first two weeks of November, the Cayuga County Health Department distributed rapid COVID-19 antigen tests to several community partners. The tests that were distributed are the iHealth Rapid Antigen brand; they are packaged in a box of two tests per box and expire in January of 2023. The Federal Drug Administration (FDA) has extended the expiration dates of these at-home test kits, which has been updated on each box. For more information on the expiration date extension, you can go to the FDA's website: <https://www.fda.gov/medical-devices/coronavirus-covid-19-and-medical-devices/home-otc-covid-19-diagnostic-tests#list>

The following community partners have test kits available free to the public:

- Libraries:
 - Lang Memorial Library in Cato
 - Port Byron Library
- Village / Town Offices:
 - Town of Cato
 - Town of Fleming
 - Town of Ira
 - Village of Aurora

You can submit at-home test results to our department by emailing a picture of the test to covidtest@cayugacounty.us. Please include the person's full legal name, date of birth, date the test was taken, and a valid phone number. For more information, go to www.cayugacounty.us/health or call us at 315-253-1560.
