DEPARTMENT UPDATES FOR COMMITTEE:

Brenda Wiemann (Office for the Aging) –

- The Medicare Health Insurance counselors served 35% more people during the 2019 Medicare Annual Enrollment Period compared to 2018, providing more assistance than ever explaining the differences between “expanded” Medicare Advantage products that are so heavily advertised compared to traditional Medicare.
- About 2 dozen Meals on Wheels and EISEP clients were recipients of Holiday cheer through the generosity of Home Instead’s “Santa for a Senior” and the Cayuga County Support Collection Unit. Several local businesses provided gifts for our volunteer Meals on Wheels drivers.
- A detailed 2020-2024 Office for the Aging programming plan and funding application for approximately \$350,000 was submitted to NYSOFA on 12/6/19. Some aide services funds are being shifted to emergency response pendants and consumer directed aide service due to the significant shortage of agency aides in our area.

Kathleen Cuddy (Health) –

- Community Health Assessment review
- New Lead Grant through Homsite

Ray Bizzari (Mental Health/Social Services) –

Highlights:

- The issue regarding parents that refuse services/assessment/evaluation when a student makes a threat has been resolved and the Department and BOCES attorney plan to issue guidance to schools on this matter which paves the way for uniform policies/procedures on handling threats.
- The RFP for adult respite yielded 2 solid proposals and we will bring a resolution next month to contract with the organization selected to provide the service.
- The Alliance for Economic Inclusion Allocations Committee made its funding recommendation to the full AEI Board and those recommendations are now with the Governor's Office for final approval before awards are announced.

Stuff to Pay Attention To:

- We continue to discuss the question of oversight for the jails behavioral health programs.
- Continue to work on CFCO (this might be delayed), Family First, next phase of Raise the Age readiness/implementation
- Continue to work on Value Based Payment readiness/implementation
- The motels have asked for rate increases that will substantially increase the spending for emergency housing. Additionally, they now consult with each other and sometimes refuse to house individuals which puts DSS staff under enormous strain to find housing. Emergency Housing Code Blue regulations make it impossible to sanction anyone so no matter what an individual's behavior, we must find housing for them. Would hope the nursing home could be considered again for both fiscal and programmatic reasons

FYI:

- We are writing a second SAHMSA System of Care grant
- CNY Directors Planning Group submitted its white paper on creating a emergency/crisis services for kids and adults with developmental disabilities that get marooned in jails, ER's or in hospitals.
- NY Public Welfare Association Winter Conference week of January 20
- Would like to discuss the succession plan for the departments. Some decisions need to be made regarding the two positions currently held by the DCS and the 2021 budget should reflect those changes as well as the timing of recruitment and hire.
