CALL TO ORDER: By Hon. Tucker Whitman

MINUTES TO APPROVE: April 13, 2021

APPOINTMENTS: None

DEPARTMENT UPDATES FOR COMMITTEE:

Jeanine Wilson (CCWSA) – No updates

Larry Roser (Weights and Measures) –

- This month I got the results of the 12 gas samples purchased from 6 gas stations.
 - Kwik Fill on State Street in Auburn = 1
 - Pit Stop in Port Byron = 3
 - Kwik Fill in Weedsport = 1 (Their 89 is out of order)
 - Speedway in Meridian = 3
 - Speedway on Grant Ave in Auburn = 3
 - B.J.'s in Auburn = 1All 12 samples passed.
- We tested all 3 truck scales at Nucor Steel.
 - The Euclid Scale out back passed +60 lbs. @ 59,260 lbs.
 - The Outbound Scale passed -40 lbs. @ 69,060 lbs.
 - The Inbound Scale had a new load cell put in it.
It failed -100 lbs. @ 25,000 lbs.
It was adjusted and passed -20 lbs. @ 69,020 lbs.
- We tested all the pumps at Byrne Dairy in Auburn. They all passed. However 3 were shorting the customers 6 cubic inches in 5 gallons, which is at the maximum allowable tolerance. However the average of all the pumps came in as giving an extra 2.475 cubic inches in 5 gallons, an acceptable level. I did recommend if they had a pump company come to do any work on the pumps they definitely adjust the 3 pumps shorting at tolerance.
- TOP's had their 4 self-checkout scales removed and 6 new self-checkouts installed. They have all been tested and passed and sealed. They later had checkout #10 repaired. It has been tested, passed, and sealed.
- New Hope Mills had a scale that was in maintenance when the rest were tested. They brought it out to start using it. It has been tested and passed.
- The Phillip Pittroff Farm in Victory had its 500 gallon tank go bad. They purchased the old 545 gallon tank from the Nelson Horst Farm in Cato (It was replaced by a 1,600 gallon tank). The new Pittroff 545 gallon tank was recalibrated and is now in use.

BLD purchase pickup with plow 5 21

Authorizing the purchase of a pickup truck with plow for Buildings and Grounds use (2/3 Required)

By: Tucker Whitman, Chair, Public Works
By: Keith Batman, Chair, Ways & Means Committee

Whereas, there is currently no capital plan for Buildings and Grounds replacement vehicles; and

Whereas, in the absence of a capital plan the Buildings and Grounds Department continues to use vehicles till they will no longer pass inspection or till the cost of repairs is prohibitive; and

Whereas, the salt/plow truck used by Buildings and Grounds to service the downtown buildings is a 2008, Ford F350 with 35,000 miles; and

Whereas, the frame and undercarriage of the truck is so badly rusted that Motor Pool advised Buildings and Grounds in October of last year it would not pass inspection for another year; and

Whereas, a replacement truck will be needed for the 2021/2022 snow season; and

Whereas, the inspection was after the Department’s 2021 budget had been submitted; now therefore be it

Resolved, that the Treasurer is hereby authorized and directed to transfer funding for the purchase in an amount not to exceed \$42,000 from the unappropriated fund balance to Equipment Trackable Account A16202-52100; and be it further
