404 in Mandatory Quarantine

98 in Mandatory Isolation

**Kathleen Cuddy, MPH  
Public Health Director  
Cayuga County Health Department  
8 Dill St.  
Auburn, NY 13021**

### **Hospitalized Cases**

Currently there are eight Cayuga County resident hospitalized.

### **Confirmed Cases – total year to date**

There have been a total of 430 confirmed cases of COVID-19 in Cayuga County.

### **Discharges- total year to date**

There have been 328 individuals discharged from Mandatory Isolation.

### **Deaths**

There have been four Cayuga County deaths related to COVID-19.

### **Additional Information**

Along with the increase in the number of confirmed positive cases, we have seen an exponential increase in the number of contacts (the people who have been exposed to the confirmed positive cases). Not only are we seeing an increase in the number of contacts, but recently many of our people in quarantine are later testing positive for COVID-19 due to the exposure that placed them into quarantine. This is why when doing contact tracing, it is important that people are honest about who they have been in contact with and also why it is so very important that people in mandatory quarantine adhere to the legal order issued by our department.
