## **Potential COVID-19 Exposure at Cayuga Bombers Chicken BBQ**

The Cayuga County Health Department is informing the public of potential exposures to COVID-19 at a chicken BBQ fundraiser hosted by the Cayuga Bombers baseball association. The fundraiser was held on Sunday, November 1, 2020 from 12pm – 4pm at the Finger Lakes Mall located at 1579 Clark Street Rd, Auburn.

There have been multiple people who tested positive for COVID-19 who were associated with the food preparation for the chicken BBQ and who worked the BBQ at the mall. Those positive individuals were admitted into mandatory isolation and their numerous contacts were placed into mandatory quarantine.

As this situation continues to unfold, the Health Department continues contact tracing efforts with these exposures, and has been made aware of additional information that was not initially shared with the department. Consequently, more people have tested positive related to these exposures and have been placed into isolation and others have been placed into quarantine.

Members of the public who purchased food at the chicken BBQ on the date and between the times listed above may have been exposed and should monitor themselves for symptoms of COVID-19 for 14 days from the date of potential exposure.

People with COVID-19 have had a wide range of symptoms reported – ranging from mild symptoms to severe illness. Symptoms may appear **2-14 days after exposure to the virus**. People with these symptoms may have COVID-19:

- Fever or chills
- Cough
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea
- Shortness of breath or difficulty breathing
