

New York State Farmland Protection Program

CAYUGA COUNTY DEPT. OF PLANNING
& ECONOMIC DEVELOPMENT

Funding Available for Farmland Protection

Purchase of Development Rights (PDR)

- ❑ Funding is available from NYS to PERMANENTLY protect farmland through PDR
- ❑ NYS program requirements:

 - ✓ Applicant (on behalf of farmer) MUST also be an easement holder (aka a land trust)
 - ✓ Applicant limited in number of farms they can submit

Process

Landowners complete the Cayuga County Pre-Application and submit it to County Planning Dept.

- ❑ Applicants meet with County Planning Staff to review pre-application and identify the Farmstead Area and any Exclusions.
- ❑ County AFPB will review and select farms to endorse. Their selections will create a “pool” of supported farm pre-applications for the land trusts to choose from as funding becomes available....Farmers only need to submit a pre-application once!
 - ✓ Each year farms can submit updated information for their pre-applications.
- ❑ Land trusts will select farms from the “pool” of endorsed pre-applications as funding becomes available.
 - ✓ Land trusts will contact landowners they select from the “pool” to work with and prepare State Applications for.
- ❑ If awarded, landowner will contract with the land trust to manage the project and to hold the conservation easement.
- ❑ NYS expects projects to close in 2 years or less!

What's Your Motivation?

- Sense of urgency: loss of farmland and/or farms, encroaching development, etc.
- Accessing equity: debt reduction, investment, retirement, inheritance, etc.
- Heritage preservation: passing on tradition and a way of life to future generations
- Land conservation ethic: protecting open space, scenic views, wildlife habitat, etc.
